SKILLS

- Java
- Spring Boot
- Hibernate
- Python
- HTML
- CSS
- JavaScript
- React.js
- TailWindCSS
- My SQL
- Docker
- Kubernetes

PROJECTS

Personal Portfolio Website.

- Build a dynamic portfolio website using React, enhanced with React Router for smooth navigation, Framer Motion for engaging animations, and Tailwind CSS for sleek design elements.
- This platform showcases my skills, projects, and experiences in an interactive way.

Company Budget Allocator.

- Build a budget allocation tool using React, leveraging Context API and Reducers for efficient state management.
- This application enables companies to allocate their budget across various departments or expenses dynamically.

Marcus Aurelius & His Meditations Website.

- Build a website using HTML and CSS dedicated to Marcus Aurelius and his philosophical work, "Meditations."
- Featuring a concise biography, key Stoic principles, and curated quotes, the site offers an interactive platform to explore Aurelius' teachings.   (Try it here)

EXPERIENCE

Internship in Artificial Intelligence and Machine Learning.   **Jun - Jul 2024**

- Engaged in a comprehensive one-month online internship focusing on artificial intelligence and machine learning.
- Participated in interactive lectures, hands-on projects, and discussions led by industry professionals.

National-Level Full Stack Development Workshop.

- Participated in a two-day intensive workshop on full-stack development, featuring lectures and hands-on sessions led by industry experts.

CERTIFICATIONS

Programming in Java.

- Successfully completed the Programming in Java course offered by Swayam NPTEL, achieving a score of 69%, attaining an Elite Rank.

IBM full stack software development.

- Completed IBM's Frontend Development course on Coursera, mastering HTML, CSS, JavaScript, React, Git, and cloud deployment. Hands-on projects honed skills in responsive, interactive web development.

EXTRA-CURRICULAR ACTIVITIES

- Competed in sprinting and running events Won medals in intra-university and intra-department competitions.
- Languages Known Tamil, English, French (Beginner).
